On the cover page at the bottom in small print below the signatures there is a paragraph that includes the following statement: "whether distributed internally or as a "courtesy copy" to customers or regulatory agencies, this document is considered confidential and proprietary information."

Hi Chris,

I was just looking over the PACE QAM and am having difficulty locating the confidentiality statement. There is a section on confidentiality in Section 1.6 (Standards of Conduct) but that seems to pertain to PACE employees keeping client data confidential.

I don't see a "Personal and Confidential" stamp or anything like that so just wondering what the specific concern is.

Please advise,

Thanks - Mike

Please let me know about the confidentiality statement on the Pace QAPP as soon as you can, so we can get the addendum approved.

Thanks for the update on the field activities.
